KING of Them All

Ouned by A. H. Goss, The Oaklands, Ann Arbor, Mich.

THERE ARE PLENTY of Jersey bulls in America, but only one among all the thousands, stands out as National Champion. Foremost Highflyer won 1935 honors at the National Dairy Show, St. Louis, Mo.-a magnificent creature to which Nature gave the vital spark, the perfect natural balance of all the elements that go to make a champion. Wonderful top line, great body, fine neck, shoulders, big barreled, good on his legs-Foremost Highflyer had everything!

Most bulls are just bulls, average strong, average good, but just plain ordinary bulls. There is only one Foremost Highflyer. He stands out the King of them all-the champion. The champion bull is Nature at her best-one of Nature's wonder creations. Favored by Nature, with her priceless gift of perfect natural balance, the champion is almost beyond price,

while another bull that may look a little like him-well, he's just And here is another wonder-creation of Nature-Natural Chilean Nitrate. Like the champion bull, Natural Chilean is favored by Nature with that priceless gift of natural balancenatural blend of many elements such as boron, calcium, manganese, etc., over and above its nitrogen. Nature gave the vital spark to this nitrogen fertilizer by blending into it these vital impurities. Nature herself aged it, cured it . . . that's why Natural

Natural Chilean contains almost two score of major and minor elements such as boron; magnesium, manganese, iodine, calcium, potassium, etc.—each a vital element in growth and healthy development of plants,

Chilean is the natural food for your crops.
